**TO WHOM IT MAY CONCERN**

On behalf of the Strata Council of Augusta Springs, I am pleased to provide this letter of reference for LawnCare Plus Maintenance and Landscaping.

Over the last 22 years we have used several landscaping companies to handle our 3 acres of grounds and gardens and had been constantly disappointed with the scope and quality of work. Three years ago we gave the landscaping contract to LawnCare Plus and have been delighted with the results.

The gardens at Augusta Springs are a challenge for any gardening company, for they have a large variety of flower beds, shrubs, saplings, ponds and mature trees. LawnCare Plus has done an excellent job in all areas of the landscaping and has made the gardens into a beautiful showpiece that draws compliments from the many visitors that come to look at them.

But perhaps, more importantly, we are impressed with the pleasant and co-operative attitude of the work crew, who go out of their way to accommodate the little requests from residents needing assistance with their particular garden areas. The crew are productive and well mannered and take real pride in doing a good job.

We have found the the staff to be knowledgeable and professional in dealing with the transplanting and pruning requirements of the mature landscape at Augusta Springs and are very satisfied with the value that we get for our landscaping budget.

Please feel free to contact the writer at any of the above numbers if you would like to view our lovely landscaping or require any further information.

Sincerely

*Bryan Davidson*
