Letter of Recommendation

To Whom It May Concern:

As a Senior Strata Manager of Strataco Management Ltd., I am pleased to recommend Lawn Care Plus for any landscaping services required for your project.

The staff from Lawn Care Plus have proven to be highly professional in attending to their contracted duties with respect to the numerous Strata Corporations which they service. They have on many instances provided additional services above and beyond what would normally be required when attending to the needs of management and the clients (Strata Councils). In particular, we have found the staff of Lawn Care Plus to be very courteous, friendly and helpful in dealing with their landscaping duties.

I would not hesitate to recommend Lawn Care Plus as a professional landscaping company for your Strata Corporation. Please feel free to contact the undersigned for any additional information.

Sincerely yours,

STRATACO MANAGEMENT LTD.

Dan Speianu,
Strata Manager
