TO WHOM IT MAY CONCERN:

Re: Lawn Care Plus

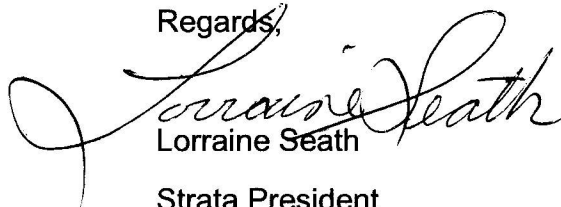

It is my pleasure to write this letter of recommendation for Kyler Reid and Lawn Care Plus as a landscaping company. Kyler has made significant improvements to this mature property over the past year. These improvements include hard pruning of overgrown shrubbery and hedges and complete flower bed restoration at the entry and courtyard. Consequently the owners are pleased and proud of the renewed appearance of the property.

Throughout this year owners have found Kyler to be approachable and willing to undertake additional small projects within the scope of the contract. He is personable and pleasant to work with. He and his crew demonstrate a commitment to the contract and an energetic, meticulous work ethic.

The strata council has been more than pleased with the service delivered by Lawn Care Plus and we are delighted to renew the contract for the coming year. We give Lawn Care Plus our highest recommendation.

If you have any questions regarding their service, please contact me directly.

Regards,

Lorraine Seath

Strata President
